

Professional Glass and Dishwashing Machine "Silver 1200L"

Bar code: 7879
 Item number: EB 7879

- The professional hood-type dishwashing machines from the "SILDER" series offer a wide range of models — from a mechanical version, which can be equipped with various options, to advanced electronic models that already include all available features.
- Our products have evolved over time thanks to the combination of our expertise and the experience of our customers.
- We have the ability to offer custom-made products that meet the end user's requirements for practicality, reliability, and versatility.
- We have focused on saving energy, water, and chemicals — which not only reduces costs for the end user but also helps decrease environmental pollution and resource waste.

SPECIFICATION

Basic information
