

## Cleaning and Disinfection Agent for All Types of Surfaces "Clinik 19" 5L

Bar code: 3830073291862  
 Item number: TTC 12433

- Clinik C19 is an aldehyde-free concentrated product for cleaning and disinfecting high-risk surfaces, inventory, and medical equipment in hospital and outpatient settings, as well as in homes and other social care institutions.
- The product is based on effective biocidal active substances and, thanks to its innovative formulation, enables the removal of all types of dirt and provides comprehensive surface disinfection with more than 99.99% effectiveness.
- It is a complete solution in the fight against bacteria, yeasts, molds, and viruses.
- Excellent cleaning performance and material compatibility
- Innovative formulation that acts on a wide range of microorganisms even in heavily soiled environments
- Short contact time
- Effective even at low concentrations
- Working solution is stable for up to 5 weeks
- Free from aldehydes, alcohol, active chlorine, perfumes, and fragrances
- Does not leave residues
- Application by wiping or immersion
- Suitable for use in hospital and outpatient environments, food industry, hospitality, educational institutions, kindergartens, hotels, public spaces, etc.
